Notification regarding newer guideline of BLS & ACLS provider course.

(AHA certified)

We are pleased to inform you that Department of Anaesthesiology & Critical Care is organizing American Heart association certified Basic life support and Advanced cardiac life support course provider two courses in collaboration with Academy of Traumatology, Ahamdabad in 9th,10th &11th December-2011,respectively. It will be accordingly newer guideline of AHA.

As the number of lives lost due to sudden cardiac arrest are rising because of changing life style. Modifications of risk factors, understanding the steps and correct method to provide basic and advanced life support in order to save an important life, is becoming necessity for the Medical personnel's. Every second following cardiac arrest is precious and effective CPR can save life.

:- Basic Life Support (BLS)

The BLS Healthcare Provider Course teaches CPR skills for helping victims of all ages (including doing ventilation with a barrier device, a bag-mask device, and oxygen), use of an automated external defibrillator (AED), and relief of foreign-body airway obstruction (FBAO) It's intended for participants who provide health care to patients in a wide variety of settings, including in-hospital and out-of-hospital. For certified or no certified, licensed or no licensed healthcare professionals.

Eligibility Criteria for BLS

- Any medical graduate (MBBS,BAMS,BHMS,SDS,BPT and above)
- Nursing candidate & Paramedical with one year experience in reputed set up

:- Advance Cardiac Life Support (ACLS)

The ACLS Provider Course provides the knowledge and skills needed to evaluate and manage the first 10 minutes of an adult ventricular fibrillation/ ventricular tachycardia (VF/VT) arrest. Providers are expected to learn to manage 10 core ACLS cases a respiratory emergency, four types of cardiac arrest (simple VF/VT, complex VF/ VT, PEA and asystole), four types of prearrest emergencies (bradychardia, stable tachycardia, unstable tachycardia and ACS)

Eligibility Criteria for ACLS
