## National Symposium on

## Role of Quality Control in Healthcare Management

25<sup>th</sup> July, 2015

&

## Hands-on Workshop on Molecular Techniques

From 26<sup>th</sup> July-1<sup>st</sup> August, 2015

Organised by  
**Centre for Genetic Diseases & Molecular Biology**  
Department of Biochemistry  
Pt. J. N. M. Medical College, Raipur (C.G.)

## OBJECTIVES:

M.Sc. Medical Biotechnology course was started under self finance scheme by the Autonomous society, Pt. J.N.M. Medical College, Raipur with initial financial assistance from CHIPS, Raipur on 25<sup>th</sup> July 2005.

We are organising a one day symposium on "Role of Quality Control in Healthcare Management" to commemorate the 10<sup>th</sup> Foundation Day of the M.Sc. Medical Biotechnology course on 25<sup>th</sup> July 2015. This will be followed by seven days "Hands-on Workshop on Molecular Techniques" from 26<sup>th</sup> July-1<sup>st</sup> August 2015.

Healthcare is important to ensure a healthy body, a healthy workplace, a healthy community and a healthy nation. India has a universal health care system run by the constituent states and territories. Nearly three-quarters of the population, still live in rural areas. Access to quality medical care is limited or unavailable in most rural areas. Further, there is rapid rise of medical cost due to medical advancement and new technology.

Quality in healthcare may comprise of newer technology, newer and effective medication, and higher staff to patient ratios, affordability, efficiency and effectiveness of healthcare delivery. Thus quality control in healthcare service management will provide better and cost effective medical facilities to both urban and rural population. The symposium will highlight the importance of quality control in health-care services to benefit to the people of Chhattisgarh.

The workshop will be conducted on 'Molecular Techniques' such as DNA/RNA isolation, Polymerase Chain Reaction, Molecular cloning, DNA ligation, Restricted Fragment Length Polymorphism (RFLP), Mass Spectrophotometry etc.

Looking forward for your kind participation.
